MEMORANDUM FOR: Walter Elder
Executive Secretary, NFIB/NFIC

FROM:
Chairman

25X1

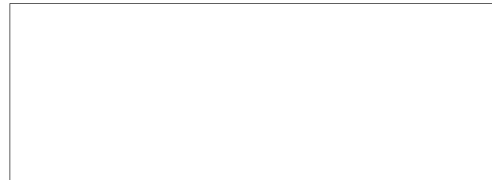

SUBJECT: DCID 1/11

1. The proposed new draft of DCID 1/11 has been presented to the SECOM membership on three occasions. Each iteration reflecting efforts to accommodate perceptions of concerns by members.

2. The present version, copy attached, has been endorsed by all members with the exception of the Department of Justice. They perceive some implication or potential for misrepresentation in connection with the proposed SECOM tasking related to investigations of unauthorized disclosures. DoJ did offer a counter proposal, copy attached, but the language was not acceptable to the membership.

3. Based on the fact that SECOM can go no further in seeking unanimity, it is proposed that you might care to refer this issue to the NFIB for resolution.
